

String exception

Program Code

```
class Example3 {  
    public static void main(String[] args) {  
        try {  
            String s = "Hello";  
            System.out.println(s.charAt(10));  
        }  
        catch (StringIndexOutOfBoundsException e) {  
            System.out.println("Invalid string index");  
        }  
    }  
}
```

Output Screenshot

The screenshot shows a black terminal window with the text "Invalid string index" displayed in a white, monospaced font. The text is centered horizontally and occupies the upper portion of the terminal area.
